

AMERICAN MADE = AMERICAN JOBS

Be prepared for products that will change the way you and others look at your truck. Drawing from 30 years experience in the aftermarket and Original Equipment industry, we are able to bring you the highest quality parts available using state of the art technology combined with old fashioned hard work. Iron Cross prides itself as one of the only remaining 100% American made manufacturers of automotive accessories.

The eight point Maltese Cross is the International symbol of willingness to make great sacrifices in order to protect others. It is a badge of courage and honor whose story is centuries old.

In 1530, the island of Malta was given to the Knights of St. John and the Knights of Crusaders for their heroic efforts. The symbol on their flag, the eight pointed cross, became known as the “Maltese Cross”. The Cross, originally designed to distinguish between friends and foe, was turned into a symbol of heroism and service.

Today the cross is a symbol of honor, courage, dedication and loyalty. From our brave Firemen to our US Armed Forces and many other great organizations, the Maltese Cross continues to represent these traits.

If you want American Made products, contact your local retailer and ask for Iron Cross Automotive.

NEW Commercial Series

NEW Commercial Series

Grille Guard Bumper

Features

- Laser cut mesh screen
- Constructed from 2" and 1.5" tubing for maximum protection
- 3/16" steel push area
- Bracket and hardware included

The Iron Cross Grille Guard is an affordable, commercial style Grille Guard that will provide your front end the protection it needs, without the weight and cost of a full replacement bumper.

Headache Rack

With a unique take on the commercial style headache rack, our rack is built with laser cut Molle pattern, instead of louvers. This design provides the rear window protection you seek, provides a more stylish look, and the Molle pattern allows for easy attachment points.

Features

- Optional light brackets available
- 2" square top tube / 3/8" steel uprights
- Laser cut Molle Screen
- Hardware Included
- Drilling Required
- Removable center screen

Trak Steps

Features

- Vehicle Specific brackets for best fit
- Perforated tread for maximum traction
- Heavy Formed Steel Construction

Iron Cross offers a unique take on the common "tread step" with our Perforated round traction steps. The Trak step offers a perfect balance of grip for muddy/slick situations without the sharp treads that often catch and can tear your soles.

The new ICA products from Iron Cross Automotive delivers tough, rugged, and quality commercial accessories. From the backroads to the boulevard, our ICA line provides the protection and utility your truck deserves.
